

2010 DAYS OF CARING SEPTEMBER 13-24

Help Today. Strengthen Tomorrow.

Join more than 2,100 committed volunteers who put their heads, hands and hearts together to make a difference at nonprofit agencies throughout the Greater Milwaukee area.

United Way Days of Caring connects volunteers with local nonprofit organizations to complete projects that make an immediate, visible impact on our community. Projects range from painting a mural to building a playground, reading to children, or playing bingo with older adults. Many others collect school supplies, non-perishable food and other items that are often taken for granted. The corporate and nonprofit worlds will come together again this year to address our community's critical needs.

Each one of us has special talents. Things we can do to help. Put your talents to work for your community. Volunteer.

Benefits to your Organization:

- Creates team building opportunities
- Builds a culture of volunteerism
- Improves employee morale and productivity
- Provides a meaningful experience showing how United Way helps people build better lives

Benefits to each Volunteer:

- Learn or develop leadership skills
- Improve your health
- Meet new people
- Make a difference in someone's life

Thank you to the over 2,100 individuals from 45 area businesses for volunteering at 85 nonprofit agencies during 2009 Days of Caring. These individuals performed over \$150,000 worth of volunteer work and made an immediate impact in our community.

AUGUST 2: Companies begin selecting volunteer projects.
