# We focus on **Education**, **Income** and **Health**: the building blocks for a good quality of life.

**Helping Children  
& Youth Achieve  
Their Potential**

**Problem:** Risky behaviors are a primary warning sign for dropping out of school, equally important as academic performance and attendance.

**Solution:** 90% of teens involved in United Way Education strategies are able to refuse drugs or alcohol. Of those, 89% are on track to graduate compared to 63% of their peers not in United Way education programming.

**Our objectives:** Increase the number of children who

- Enter school ready to succeed
- Read proficiently by 4th grade
- Graduate from high school on time
- Are prepared for success in college, work and life

**Promoting  
Financial Stability  
& Independence**

**Problem:** As many as one-third of working Americans do not earn enough money to meet their basic needs.

**Solution:** In 2010, United Way helped provide emergency food and housing for nearly 30,000 adults and children.

**Our objectives:** Increase the number of adults and families who

- Earn enough income to meet daily expenses and basic needs like food and housing
- Have skills to gain and sustain employment
- Save for and build assets like home ownership or postsecondary education

**Improving  
People's Health  
and Safety**

**Problem:** 8.7 million children are without health insurance – more than the total number enrolled in the first and second grades in U.S. public schools.

**Solution:** United Way connects thousands of low-income families to health and dental care, and affordable prescriptions.

**Our objectives:** Increase the number of youth and adults who

- Have access to affordable prescriptions and health services
- Are healthy and avoiding risky behaviors
- Have physical and mental health care, dental care and affordable prescriptions
- Are able to live independently and with dignity

## DON'T JUST WEAR THE SHIRT, LIVE IT. HERE'S HOW:

Be part of the change. When we Live United, we can tackle the toughest problems and make every neighborhood throughout Milwaukee, Ozaukee, Washington and Waukesha Counties a place where people can realize their dreams.

**GIVE** Giving to United Way is the most powerful way to invest in your community. Direct your contribution to one of United Way's strategic issues – **Education, Income and Health** – or choose all three for the greatest impact. As always, we will also process restricted contributions to qualified 501(c)3 organizations.

**ADVOCATE** Make change happen with your voice. Get informed. Encourage your co-workers to get involved. Tell your friends on Facebook. E-mail the editor. United Way needs people who are passionate about Education, Income and Health to make some noise.

**VOLUNTEER** United Way works with individual volunteers, businesses and local nonprofits to develop the best opportunities to make an immediate difference. Join us for Days of Caring (September 12 -23), watch for urgent volunteer opportunities on Facebook or contact us at (414) 263-8160 to develop an individualized project.
